The account is the guys who is of age, but i have an ID of a black girl born August 1 2002

So the video was uploaded when she was underage IF it is the girl in the IDs

I assume it is her, but obviously without me seeing her face i cant say 100%

Should i tos8 this content and fingerprint? or just take it down as underage as i can identify 100%?

[REDACTED]
